FINAL PROJECT

Created a **SEO LINK DIRECTORY** System using **PHP, MySQL, Bootstrap, AJAX, jQuery, and JavaScript**.

The system allowed users to submit, categorize, and manage links to improve SEO performance.

It included admin approval features, and a responsive interface.

HARIS MAQSOOD

SENIOR WEB DEVELOPER — WORDPRESS | LARAVEL | REACT.JS

ABOUT ME

Passionate and detail-oriented **Web Developer** with **5+ years of experience** in designing and developing customized web solutions. Specialized in WordPress and Laravel development with expertise in custom theme and plugin development, API integrations, and troubleshooting complex issues. Adept at transforming Figma designs into responsive websites and building scalable backend systems.

Additionally, I have basic working knowledge of modern JavaScript frameworks including Vue.js, React.js, and Node.js, with a continuous learning approach to mastering advanced web technologies.
